

Attention: Food & Beverage Sector Processors & Manufacturers

Supply Chain Management

EMC Special Food Sector Manufacturing Networking Event

Through EMC's 'Food Sector Manufacturing Network initiative', Excellence in Manufacturing Consortium and Ontario's Ministry Agriculture, Food and Rural Affairs (OMAFRA) are helping Food and Beverage Processors/Manufacturers across Ontario to enhance global competitiveness, protect jobs and engage leading-edge professional peer-to-peer knowledge networks, manufacturing training, next generation web 2.0 online networking and labour-pool building initiatives.

Get Involved with EMC's Innovative Food Sector Network!

"Supply Chain Management" is a Strategic Interest Group (SIG) Event open to all Food and Beverage Companies and those directly supplying manufactured product to this Industry. Our Guest Speakers and our Hosts for these special cross-Province Sessions look forward to welcoming you!

Canadian Supply Chain Sector Council
Conseil canadien sectoriel de la chaîne d'approvisionnement

The goal of this Event is to provide you with an introduction and overview on Supply Chain Management.

- How much time have you given to thinking about the SC in your organization?
- What are the benefits of understanding the individual components and overall process of Supply Chain Management?
- How many people in your organization are directly involved in SC activity?
- Where can you start or if you are already underway – what are some of the challenges that you have or may be facing that others may learn from?

In addition to a presentation by the Canadian Supply Chain Sector Council, each Session is pleased to have representation by Regional Manufacturers who are willing to share their experiences relating to our topic at hand. True to our core EMC Canada values, this is a wonderful opportunity to network, benchmark and learn from each other!

Agenda:

- Welcome and Introductions
- EMC Business Update
- "Supply Chain Management"
- Roundtable Networking and Feedback Opportunity & Adjourn

Who Should Attend:

All EMC member contacts and invited Guests who wish to build advantage through excellence, improve their competitiveness & expand their knowledge network.
