

EMC BC LOWER MAINLAND MANUFACTURERS PEER NETWORKING EVENT INVITATION:

On behalf of EMC, we cordially to invite you to join us at our upcoming BC Lower Mainland Manufacturers' Networking Event! It's always a great time to learn and engage in discussion relating to the topic at hand while connecting with your peers in industry!

THIS MONTH'S TOPIC: "Continuous Improvement through Lean Initiatives"

Manufacturers of all sizes and sectors have embraced principles of Lean Management to improve processes and enhance culture development.

This month, we are pleased to learn from one company's journey when it comes to moving forward in a continuous improvement initiative of this nature! The **Factors Group of Nutritional Companies Inc.** is a leading manufacturer of nutritional supplements and other health-building products. In true peer networking format, we will have a chance to gain insight on the inroads they have made. We'll learn what is working and what perhaps is challenging, the tools that are best suited in their success so far, and what it takes to sustain the momentum!

*Join your industry peers and EMC Members, as **Jeremy Sims, Manager, Continuous Improvement with the Factors Group of Nutritional Companies Inc.** shares insights on their Lean Journey to date!*

- **November 5th, 2019:** BC Lower Mainland SIG Event – Leadership in Manufacturing – Singer Valves, Surrey

EMC's Strategic Interest Group (SIG) events are facilitated manufacturers' peer networking opportunities. There are over 60 EMC consortium regions in Canada, where members gather to share best practices, discuss opportunities and challenges to enable competitiveness, take in plant tours and build relationships with both peers and our valued community stakeholders and partners.

We hope you can join us and look forward to welcoming you!
